

Daily Prayer

Michael Jordan would make the comment, "Better eat your Wheaties!" This company would imply that no morning is complete, no day can be successful, without the essential nutrients their cereal provides. As Christians, we have a different philosophy. . .DO NOT FACE THE DAY WITHOUT FACING GOD. We know that daily prayers will help to lessen our daily cares, and without prayer no work is well done. Then why should we find it difficult to start our day visiting with the Father? I don't think he'd be too upset if you did it over a bowl of Wheaties! We should be more concerned with how we will perform without prayer, as opposed to how we perform without our breakfast. . . shouldn't we? Nothing discourages Satan more than to see us talking with the Almighty. Prayer should be our first line of defense. So remember, EVERY MORNING AS YOU PREPARE TO STAND THE TRIALS THAT LIFE DELIVERS. . .HE WHO STANDS THE BEST KNEELS THE MOST!!!!!! THINK ABOUT IT.
